- Video Editing
- Web Design
- UI/UX Design
- Motion Graphics
- Problem Solving
- Attention to Detail

## JOB & EXPERIENCE

**2022 - Present**

**Senior Web Developer & Graphics Designer**

*Be Creative Studios / Philippines*

Working as an in-house Web Developer and Designer for a local digital marketing agency in the Philippines. Applied and combined all my previous skills to support major brands, handling projects in web development, graphic design, and multimedia content creation.

**2019 - 2022**

**Senior Web Developer & Web Designer**

*Hyper6 / Canada (Online)*

Contributed as a Web Developer, Web Designer, and Multimedia Artist for this Canadian-based company recognized for high-quality design. Apart from website projects, I created responsive email templates, social media ads, motion graphics, and video edits for various industries across North America.

**2017 - 2019**

**Senior Web Developer**

*The Dominant Approach / USA (Online)*

Joined a boutique agency that follows a one-client-per-industry policy. Collaborated with an exceptional designer and project manager, which exposed me to diverse industries and client needs. This role significantly improved my web design versatility, ensuring websites aligned with each client's brand identity.

## EXPERTISE

## AWARDS

**2011**

**Champion - Programming Competition**

*AMA Computer College*

**2014**

**Intern of the Year**

*Pixelhub Creative*

**2015**

**Programmer of the Year**

*AMA Computer College*

## JOB & EXPERIENCE

**2015 - 2017**

**Senior Web Developer & Web Designer**

*AltaStreet Financial Websites / Canada (Online)*

Worked as the lead Web Developer and Designer in a small, focused team. Specialized in building websites for financial companies, producing 3-5 websites weekly. This experience strengthened my speed, efficiency, and attention to detail in delivering client-ready websites.

**2015 - 2016**

**Web Developer, Web Designer & Graphics Designer**

*Digital Blue Ink / USA (Online)*

Served as the company's main Web Developer for their online operations. Despite DBI's conservative approach of not using CMS platforms, I enhanced my expertise in front-end development with HTML, CSS, and JavaScript. This role also helped me refine my web and graphic design skills.

**2014 - 2015**

**Junior Web Developer**

*Pixelhub Creative / Philippines*

Started as an intern to fulfill my college requirements and was later offered my first corporate role as a Junior Developer. Gained hands-on experience in front-end development and WordPress, while collaborating closely with teammates and learning valuable skills in website design.
